I love this series of books, i have 5 so far and my 18 month old loves them. The pictures are great and being a hockey family we just love the idea of each of these books. I will let all my friends know about these books.

My brother and his wife are about to have their first baby and not only are they hockey fans, but they love to read so I thought this (and all the others in this collection) would be a wonderful addition to their reading time with baby. I looked through them all and love the pictures and text. The board books are very sturdy and I think they'll hold up to lots of drooling, chewing and slamming (I have 3

boys so I know how rough they can be with books). :)

I got all 6 of these books for my sons 2nd Birthday, & he loves them all!!! He looks at them everyday & recites all the Team Logo's he sees. If you are raising a hockey nut, like I am, get these books!!!

My 2 year old grandson loves this book - he carries it with him wherever he goes. Depicts the teams mascots - this is not a story book, but rather a picture book for hockey loving toddlers.

Perfect book for any young kid who is into hockey. Very informative and written well for children. My boyfriend's Nephew loved it!

Love these books! Colorful for the baby, fun topic for the Hockey parents. Everyone Wins!! Will purchase for more baby gifts.

Fun way to tie animals into hockey- now my son recognizes team/mascots while his daddy is watching hockey games.

It not only teaches you about animals but it also tells you a little history about different teams. Great book.
