# The Rule Of Three: Fight For Power

## Synopsis

After sixty-six days of a catastrophic global blackout, life in the suburbs is not what it used to be for Adam and his fortified neighborhood of Eden Mills. Although an explosive clash has minimized one threat from outside the walls, Adam's battle-hardened mentor, Herb, continues to make decisions in the name of security that are increasingly wrenching and questionable. Like his police chief mom and others, Adam will follow Herb's lead. But when the next threat comes from an unexpected direction, nobody is ready for it. And someone is going to pay the priceâ ¦because of Adam's mistakes and mistaken trust. In *The Rule of Three: Fight for Power* by Eric Walters, the gripping second book in the Rule of Three series, everything Adam has fought for is at stake.

## Book Information

Series: The Rule of Three (Book 2)

Paperback: 368 pages

Publisher: Square Fish; Reprint edition (January 19, 2016)

Grade Level: 7 and up

## Customer Reviews

Full review:I really, really liked The Rule of 3 last year - it's my go-to book, whenever I'm asked for recommendations for reluctant male readers - so I leapt at the chance to read and review the second book in the series, *Fight for Power*. Author Eric Walters reconnects us with Adam sixty-six days after the events of the first book, but it feels like an eternity since life has been normal for him, Herb and the residents of Eden Mills. The residents are continuing their struggle for survival, but things have quickly becoming acrimonious in a place where survival of the fittest is law. Whereas

Walters focused on the systematic collapse of societal normals in The Rule of 3, Fight for Power is very much centered on answering the "what happens now?" of a post-apocalyptic scenario. Adam, Herb and others now have to decide how to continue functioning as a society, and their intrinsic values in this survivalist world. Herb is very much all about self-preservation, while Adam shows an empathy that readers will both understand and worry over. Though Fight for Power isn't as necessarily urgent or action-packed as the first book, Walters asks a number of philosophical questions that will undoubtedly provoke readers to think and question as they read. Parents and educators should also take advantage by discussing some of the scenarios presented by Walters, and ask their students how they would react in those situations. Final verdict: I had a ridiculously good time reading Fight for Power. It was exciting and well-written, while also giving Adam, Herb and the rest of the group, the type of story that continues their personal journeys, while also encouraging readers to come back for the final installment. (Also, THAT ending!)
