Bone, Vol. 9: Crown Of Horns

Synopsis

BONE is more thrilling, adventurous, and hilarious than ever in this conclusion to Jeff Smith's bestselling comic book saga! It's full-fledged war as Briar, the rat creatures, and the Pawan army storm the city of Atheia. The Bone cousins, Thorn, and Gran'ma Ben are all there to defend the Valley and stop the return of the Lord of the Locusts. When Thorn goes inside a ghost circle, she hears a voice urging her to seek the Crown of Horns. What follows is another dangerous journey for Thorn and loyal Fone Bone as they race to the sacred grounds of the dragons, searching for the one thing that may save them all. This is the breathtaking conclusion to Jeff Smith's nine-book graphic novel series.

Customer Reviews

This is the ninth and final book in Smith's Bone series. It did a very nice job of wrapping up the series, I loved it. The book starts out bleakly; Thorn and Fone Bone have been beaten and locked in the dungeon, Gran'ma Ben is on the ramparts trying to fight off hordes of rat creatures, and Lucius is missing. This book takes us through the final battle, the search for the Crown of Horns, and the events following. Illustration is in keeping with previous volumes and is very well done. I would recommend reading all previous volumes before this one so that you have a good appreciation for what is happening in this volume. The book starts bleak but there is a lot of humor peppered

throughout. There are a couple nice twists in the story, although for the most part it ends as you would expect it to end. It is a very solid fantasy and I enjoyed how it all ended. The story was nicely wrapped up. There were some characters that I wish we had spent more time with; for example I think the character of Rock Jaw could have been used to make things even more interesting. Overall this has been just a wonderful fantasy graphic novel series and this installment only added to the wonderfulness. If you haven't picked it up to read, you should! It is just a wonderful series. Now I will be picking up Tall Tales (Bone Prequel) and the prequel novel Rose (Bone).
