This book gives me the guidance I need to say the rosary with more meaning and more often. I recommend it for any Catholic who is in need of guidance with their life. Non Catholics will learn more about the meaning of the rosary and why it is an essential element in the life of Catholics.

I never thought that I would be able to say my rosary with the Pope. Now I can and will always say my Rosary with Pope Francis now and forever...Do your soul a favor. Say the blessed Rosary with the Pope. You will never be sorry that you did.....

Pope Francis Praying the Rosary provides a contemplative and most enlightening understanding of each mystery of the Rosary. His writings are so full of the Holy Spirit. This is a wonderful Rosary Prayer companion that will benefit all Christians who read it.

This is a great aid in praying the rosary. The pictures are well chosen. There are scriptures and meditations for each mystery.

Love the prayers, the printing is pretty bad. I'd rather have a better quality booklet with less impressive art, than one in which the ink transfers and obscures the text. See attached example.

A beautiful booklet! So inspirational and helpful in praying the rosary.

Exceptionally rewarding text -- and very timely. Pope Francis words, taken from his papal homilies and documents, are heart-warming and eye-opening and certainly help with the meditation that the Rosary was invented for. This would be 5-star if it weren't for some of the paintings that are used to illustrate the Mysteries. But, then this is a problem with many of the Rosary booklets nowadays.

Easy to use for Bible readings and Pope Francis' commentary on each of the Mysteries. Beautiful artwork accompanies each Mystery. The Rosary prayers are in the first part for easy reference for anyone who doesn't have them memorized. I'm pleased I got this and will use it, but the price seems high for a little booklet. But the pages are all heavy & somewhat glossy stock, so I won't complain too loudly. Had I seen it inside before buying, read some of the Pope's commentary, I would have bought it anyways, never mind the price.
