One-Punch Man, Vol. 4

Synopsis

A manga series that packs quite the punch! Nothing about Saitama passes the eyeball test when it comes to superheroes, from his lifeless expression to his bald head to his unimpressive physique. However, this average-looking guy has a not-so-average problem-he just can't seem to find an opponent strong enough to take on! Saitama is now a certified hero! And with that title comes great responsibility-he's required to perform one heroic deed per week. While Saitama makes the rounds to meet his quota, and incoming threat from outer space is screeching toward Earth...

Customer Reviews

The difficult thing with any volume of One-Punch Man is figuring out how to slow down reading it. I'll try to figure that out with the next volume.

As others have previously stated, it's a pretty quick read, but a really enjoyable one at that. Great amount of humor and action scenes. Some of the action scenes in this volume, would be even more beautiful if they were in color. If you haven't watched the anime yet, I highly recommend you do. You won't be disappointed. Volume 4 includes:-Punch 21: Giant Meteor-Punch 22: Voices-Punch 23: Threat from the Sea-Punch 24: Deep Sea King-Bonus:PurisonAlthough Volume 4 comes with only 4 chapters and a bonus, they are pretty page-lengthy chapters.

Volume 4 One Punch Man introduces us to Bang the third highest ranked hero of the association and a martial arts master. At the end of volume introduces us to the deep sea king, which a personal favorite arc of the series. It also briefly introduces us to several other heroes that will appear throughout the series. As a note fight scenes can get a bit graphic at times.

City Z is about to be obliterated by a massive meteor. S-Class heroes can't stop it, but Saitama -- One-Punch Man -- is able to break it up and head off a total disaster. However, the collateral damage, and some meanspirited meddling by a couple of Hero Association members, put Saitama on the road to a rocky relationship with the general public. As usual, awesome artistic pyrotechnics and masterful character depictions. Next up: coastal City J is invaded by the Clan of the Seafolk. Heroes on the spot have nearly dealt with the attack when the most unpleasant (but visually impressive) Deep Sea King appears, to be faced by an unlikely pair: S-Class hero Puri-Puri Prisoner, who has broken out of jail for the occasion, and Sonic the strange ninja. A bonus chapter at the book's end gives us the background of that peculiar situation. Dynamic and often finely detailed art, a smoothly flowing story with a deft touch for both action and characters; another absolutely five-star installment in an unbroken string of the same.

I'm starting to appreciate the manga more and more. The stories not in the anime is refreshing (mainly cause I'm starving for OPM content, need season 2 of anime to come out!!) Check out the OPM anime for free officially here: [...]

I love One-Punch! He gets fed up with the citizens and yells at them to take up the damage with the meteor instead of him. LOL! Back to lots of one-punch action, some really neat new bad guys and lots of other superheroes, creeps and nice ones. I like Puri-Puri-Prisoner and his side story. This is a fun action/battle manga with a twist on the superhero angle. Always a treat!

The book continues to get better. It is a lot of fun to see the take on superheroes and bureaucracy. Still has a long way to go, but I am definitely enjoying the series now.

This is an awesome quick read. The humor hits the nail on the head about o.p. heroes, while poking fun at the genre as a whole
