Customer Reviews

The story line is amazing. Progressing quickly enough to stay interesting while developing characters thoroughly. I love the art as well. Gruesome, without being unrealistic. Very detailed, and love the subtle messages among the images.

I bought this because it is my favorite volume thus far. The artwork is beautiful, and the quality is of the lines are very clear. If buying this physical copy supports the author I don't regret its purchase, but I am a little bit suspicious of the translation. I feel as though a lot of emotion and personality was lost/skewed with the translator's choices. Nonetheless, this is a good story and a good book to have.

This is a different kind of series to read. Not really for children. Very fast shipping
