ITS JOJOS BIZARRE ADVENTURE WHATS NOT TO LOVE!!!!!! the art from 1986 clearly points out that american comics artis had no idea what they were doing lol...only its a shame that it finally came out now ( this would started a controversy back in the day lol) brutal, dark and gory but with class that even a gentleman like Jonathan jostar can agree with. it you whant a good story that started multy generational line of heros then look no farther then with the phantom blood arc of jojos bizarre adventure.

It came in time, ordered the 20th at afternoon (almost night) and got it the 24th in the morning. OMG I LOVE JOJO'S it is my favorite manga! I started watching the anime in mid June 2015 and caught up with the manga in late or mid August, I cannot explain how much I love this series, the manga is

definitely a MUST HAVE if you are a fan. If you are new to the series and don't know if you should keep reading, you definitely should because you will be missing out in something amazing.

The follow up to vol 1 of Jojonium introduces one of JoJo's key fighting styles: Hamon! Not to mention one of Jonathan's key companions Baron Zeppeli! For those wanting to continue this bizarre read, definitely invest in this volume!

My favorite manga series of all time. Very good quality release with thick well printed pages. Definitely collector quality and spine looks great on display on your bookshelf. Why are you even reading reviews? Start reading it JoJo already and get ready for a truly bizarre adventure!

It's the 2nd part of the Phantom Blood release we've always dreamed of in the states. The translation is almost one-for-one with the fan translations we've had available for years (I can't compare it to the original Japanese because I can't speak the language). The hardcover looks nice and the pages within are of a high quality. Thankfully, this one ends at a much more reasonable spot than the previous volume.

Showed up in perfect quality. My only gripe with it is that I dropped it on my foot and the corner of the cover stabbed my foot. Try to avoid the sentient arm and its combat knife and you'll be fine. Just in case, don't feed the book past midnight.

I'm a big fan of this series so I just had to buy the second volume of Part 1 when I saw it. The art is beautiful, the book arrived in perfect condition and I'll definitely be buying the third volume.

I love it! hope the rest of the parts will come out to the states
