## Customer Reviews

We love all the research guides for MTH. They are written at a higher Lexile level than the stories but it makes them fun to read together. My 6 year old doesn't have the patience to read through a research guide the entire way through on her own but together it makes for a fun project...she gets to tell me about what happened in the story to Jack & Annie and together we learn some fun facts

about whatever time/place the story was about.

These are simple, but they contain a fair amount of information. Interesting for kids. I'm not as crazy about the Magic Treehouse stories, but I really like the research guides.

Grandson just learning to read. likes Ninjas books.

Kids love the Magic Tree House books, and the nonfiction companions are really good. This author is great.
